REMARKS

By the present amendment, new claims 38-54 have been added. No new matter has been added to the application by this amendment. Support for the new claims is found in the application as filed, including the drawings and the written description of the invention. In particular, the switch mechanism of claim 38 and the dependent claims is supported by the embodiment shown in Fig. 3D and the description in paragraph 55 of the specification, for example. The actuator of claim 38 and dependent claims is supported by the embodiment of the invention illustrated in Fig. 1 as knob 134 and in the description of Fig. 1, among other parts of the written specification. The agitator is shown as item 100 in the embodiment of Fig. 3D and the specification relating thereto.

An action of the merits is requested.

Respectfully submitted,

GABRIEL S. VANDER BAAN
